

# Life After High School

*FREE Web-based Workshops for Youth with Disabilities  
Ages 15-21,  
Their Families & Caregivers*

*Have questions about transition? Wondering what transition is? Is college a good choice for my student? Who can help my student find a job? How do we help students find what they want to do when they graduate?*

**Life After High School** is a series of web based trainings designed to answer all of these questions. *Please check below for specific topics.*

<p>– <b>Transition IEP:</b> How to team up with your school to plan for your future and identify community resources to help</p>	<p>– <b>Higher Education Options:</b> Post-secondary education or vocational training and community college information</p>
<p>– <b>Person-Centered Planning:</b> What Person-Centered Planning means and how it makes a positive difference</p>	<p>– <b>Employment Choices:</b> How to find a job or work experience and who can help. Coordinating and blending employment resources in the community</p>
<p>– <b>Adult Life: Understanding Life Long Services &amp; Support Systems:</b> What’s available? How to qualify at age 18 for long term benefits to programs and healthcare</p>	<p>– <b>Adult Life: Understanding Community Supports</b> Recreation and leisure, transportation, housing. Tips for using resources to reach your goal</p>
